

Evolutionizing The Freedoms of The Printing Press...

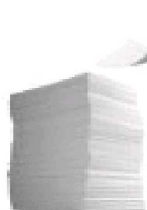

The long awaited arrival of the revolutionary automated digital burn process has been brought to life by The Digital Conglomerate Magazine Inc. The publication is the first to offer an application that can systematically customize the replication of published works on five different platforms from one location. Even as the BETA stage of the digital burn application development process unfolds The Digital Conglomerate Magazine Inc. delivers an agile and technology friendly tool that brings change to the publication industry.

5 Digital Print Publishing Features In 1 Application!

**STOP
WASTING
PAPER!**

Customized digital burning eliminates the need for traditional paper and documentation methods.

The Digital Conglomerate Magazine Inc.
Digital Burn
Process Is A "Green" Solution!
